

CHINA TRADE WAR POSTPONED?

A Recap of Dr. Kuehl's Fabrinomics:
Vol. 12 : Issue 10 Brought to You by
Phoenix Manufacturing Systems

China vs. US

China **sorghum** imports
<=> US **Steel** imports

Chinese may be granted
an exemption for steel
exports in exchange for
buying more U.S. crops.
Good news for farm
equipment and
automotive
manufacturers

THE UPCOMING CRISIS: WATER

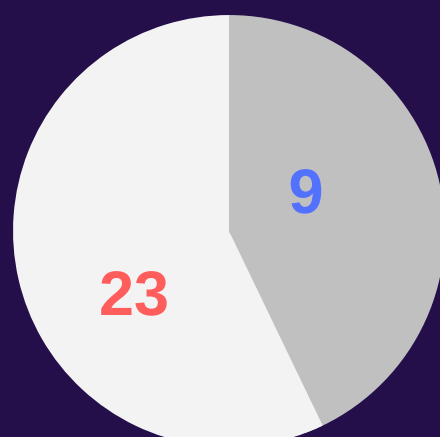

NASA JPL study
highlights that crisis
closer than expected.

CIA Report states: Water
was topping the list of
world's biggest threats

**Water Shortage = Manufacturing plant
relocation or rationing!**

NAFTA indicators

Canada <> US <> Mexico continue
their debate.

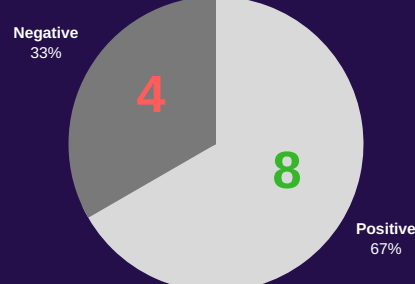

Only 9 of 32 sections are negotiated.
By 2019 before it's all over,
manufacturers will have to wait for
progress.

ECONOMIC INDICATORS: GOOD??

67% of economic indicators are showing positive trends.

Labor shortage still a problem for manufacturers. We cannot
expand without more skilled people period.

Dr. Chris Kuehl, FMA's Economic Analyst,
Founder of Armada Corporate Intelligence.
